EN

IN INDUSTRIAL RANGE

DIESEL

3-800 kVA LTP

- ✓ Robust, reliable and efficient generators, developed for being used as a main source of power.
- ✓ For agriculture, mining, industries, construction, etc. For any installation where there is no power supply from the mains, or when it is weak or not stable enough.

SB STAND-BY RANGE

DIESEL

3-800 kVA LTP

- ✓ With all the equipment required for working as a backup to the commercial grid.
- ✓ From the most basic applications (residential, small businesses) to the most critical applications (hospitals, defence, communications).

HR HEAVY RANGE

DIESEL

810-2365 kVA LTP

- ✓ Generators from 800 kVA LTP.
- ✓ For applications as stand-by to the mains or as main source of power.
- ✓ Soundproofed containerized versions, adapted to the requirements of each specific project.
- ✓ Available in medium voltage, for Data Centres, etc.

RR RENTAL RANGE

DIESEL

10-1550 kVA LTP

- ✓ For the most demanding applications.
- ✓ Solid units, designed for maximum ease of transport, operation and maintenance.
- ✓ With large capacity fuel tanks.
- ✓ With optimised sound attenuation. Available in Super-Silent versions.

SMART POWER
97 / 68 / CE

SMART POWER
(UE) 2016/1628

3P PORTABLE RANGE

GASOLINE

2-14 kVA LTP

- ✓ Compact and lightweight generators for occasional applications.
- ✓ Broad variety of options for adapting them to any need.
- ✓ Rental versions with improved equipment and even more robust.
- ✓ Welders that can be used for welding purposes as well as conventional generators.
